

ab·strac·tion. /əb'strakSH(ə)n/ noun

1. the quality of dealing with ideas rather than events. "Topics will vary in degrees of abstraction."
2. freedom from purely representational qualities in art. "Geometric abstraction has been a mainstay in her work."
3. Abstract thinking is the ability to understand concepts that are real, such as freedom or vulnerability, but which are not directly tied to concrete physical objects and experiences. Abstract thinking is the ability to absorb information from our senses and make connections to the wider world.

nutrition, technology (apple),

An apple can be a symbol for multiple things, for example, the electronic company, an apple is a technological company, smart people, education, "apple" when you eat, makes computers Apple, some things that have been associated with knowledge, including grapes, corn, school & teachers and books, because the phrase "an apple a day keeps the doctor away"
